HANK WILLARD, KING OF THE CHUCKWAGONS, who wheeled the Stampede track Saturday night to become world champion driver for the fifth consecutive year, is seen here with his boys, clutching the coveted Gas Co. trophy. At left, is Norman Luxton of Banff, president of the Men's Section, Alberta Pioneers and Old Timers' Association, one of the first to offer his congratulations; Orville Strandquist, Stettler, and Frank McMann of Queenstown, two of Hank's outriders; Bob Gooch of Queenstown and Don Allen, Calgary, his other two outriders, and Charlie Biel of Banff, who makes most of the Stampede trophies.

Baseball Digest Praises Gorbous

Glen Gorbous, Vulcan's contribution to major league baseball, is the subject of a six-page article in the August issue of Baseball Digest.

Traded by Cincinnati Redlegs to Philadelphia Phillies last April, Glen got a chance in the right outfield when the regular outfielder, Jim Greenberg, was sidelined with a leg ailment. His hustle and good hitting quickly made him a favorite with the fans.

After spending several years in the Brooklyn farm club system, the 25-year-old Gorbous is very happy to finally be on the roster of a major league team. He is considered to be one of the most promising rookies of the year.

He is currently battling around the 300 mark and his pinch-homer with two men on won a game for the Phillies against the Chicago Cubs Monday of this week.

Accumulated Surplus Pays Cost

Street Graveling Program Makes Big Improvement

Graveling of all Vulcan streets, one of the major improvements of the past few years, has now been completed.

A total of 10,325 yards of crushed gravel was purchased from Shaw Construction and of this amount 262 yards has been stockpiled. Lanes in the business section of town have also been gravelled and some residential lanes are being gravelled with the property owners concerned paying the actual cost of the gravel, which runs at about \$43 for the average lane.

The crushed gravel has been applied to streets and lanes to a depth of about three inches, with the hauling done by Shaw Construction trucks and spreading and grading by the town motor grader.

The graveling was done without any increase in town taxes, the cost being met out of accumulated surplus revenue from past years.

Hard Surfacing

Councillor Max Jesse, chairman of the town public works committee, reports that the blueprints for the hard surfacing of the four main business section streets have been received.

Work to be done on these streets before they are hard-surfaced includes considerable lowering of some street levels, raising of street levels in other places and construction of new curbs where needed. The hard-surfacing of the business section streets is planned for next year.

In addition to the graveling of the streets, which has now been done, the public works program for this summer includes the construction of six blocks of sidewalks. These will be cross-walks, running at right angles to the new cement sidewalks constructed last year.

Last Rites For Lomond Resident

Funeral services for the late Mrs. Alan Vaille of Lomond, who passed away suddenly in a Calgary hospital early Tuesday morning, were held in the Vulcan United Church Thursday afternoon, July 14, with Rev. J. S. Clarke officiating.

Mrs. Vaille was the former Miss Ethel Honess, and was born in Bassano, on Feb. 23, 1935. She grew up and received her education in Lomond and district, and upon her marriage to Alan Vaille continued to reside in this district. The church was filled to capacity with sorrowing relatives and friends and the many beautiful floral tributes were evidence of the esteem in which she and her family are held here.

She leaves to mourn her passing, her husband Alan, an infant son, her parents, Mr. and Mrs. Russell Honess, one sister, Mrs. Edward Howell of Armada, two brothers, Gilbert and Russell, both of Lomond.

The pallbearers were Henry Thompson, Peter Degenstein, Walter Domoleski, Ross Chambers, Merle Sande and Max Hanna. Interment was made in the Vulcan cemetery and the Snodgrass funeral home was in charge of arrangements.

was in the chair and conducted the meeting. Roll call was answered with "How to Keep Cool" and brought forth many amusing and interesting suggestions.

A paper "Kids in Country Kitchens" read by Mrs. Frieda Roberts, was much enjoyed and very appropriate.

Due to the poor attendance little business was dealt with, but a most enjoyable social afternoon was spent.

The tea draw was won by Mrs. Earl Deal, and a delicious, cool lunch was served by the hostess, assisted by Mrs. Bowie.

Two Awards For Madeline White

Madeline White, 18-year-old daughter of Mr. and Mrs. James T. White of the Vulcan-Nanton district, has received two awards recently.

Madeline, who is a nurse-in-training at Ponoka, won top honors in her class this year and, after returning from her holidays, received a necklace set in pearls and rhinestones.

Up to the time she entered the nursing field, Madeline was an active 4-H Club member. In 1953 she won the week at Olds School of Agriculture for her general standing and contribution to the work and later was one of two girls competing in the food section at the provincial competition at Olds and won the Betty Crocker award.

Miss Lillian Popoff, District Home Economist, had just announced this week that Madeline has won the T. Eaton Co. award for general proficiency in the club year 1954. The award was a set of Hadden Hall stainless steel utility knives in a hardwood rack.

Reid Hill W.I.

The July meeting of the Reid Hill W.I. was held at the home of Mrs. Clifford Love, Thursday, 14. Due to the very warm weather and so many members being on holidays only eight members and one visitor were present.

Win Two From Granum

Elks Cinch First Place In Baseball League Standing

The Vulcan Elks made sure of ending the regular Foothills-Wheatbelt league schedule in first place when they set back the Granum White Sox in both ends of a double-header played at Vulcan on Sunday.

A little luck, when a Granum fielder misjudged a fly ball, won the first game for them and Don Jantzie's grand slam homer after Granum had purposely walked Ben Dann in the third inning was the deciding factor in the final game.

Elks now have a record of 13 wins against one loss and are five games up on the White Sox. Picture Butte is in third place and Lethbridge Miners have taken over the cellar position in the league.

In the first game, Granum made three errors in the last inning, with Vulcan's Jerry Burcher driving in the winning runs when his fly ball to centre field was dropped by the White Sox fielder. Burcher pitched the full game for Vulcan, allowing ten hits and whiffing two for his sixth win in six starts.

White Sox used three pitchers who gave up a total of only six hits. Marty Norman, the league's most consistent hitter, led the Elks at the plate with a double and a bases-empty homer.

In the second game, Granum strategy backfired. The Elks' Greg Lethbridge

Seastrom singled, and catcher Dick Eugg doubled, bringing up Ben Dann, the league's home run king. Dann was intentionally walked, leading the bases, but the next man up was first baseman Don Jantzie, who also gets his share of over-the-fence hits, and Don cleared the bases with a circuit clout. Altman pitched fine ball to keep the Elks' lead intact and was the winning pitcher. He gave up six hits, fanned five and walked two. Johnson and Wolasko did mound duty for the Sox.

Seastrom and Altman each hit two singles for Vulcan.

Drives To Fifth Consecutive Win

Hank Willard of Queenstown Wins World Chuckwagon Championship

Driver of the winning outfit for five consecutive years at the Calgary Stampede chuckwagon races, Hank Willard of Queenstown drove his own outfit to the world's championship this year—to become undisputed "king of the chuckwagons."

No one has equalled Willard's record of five consecutive wins. He first winning year, 1951, he drove the Willard-Nelson wagon. In 1952, 1953, and 1954 he handled Commodore Allen's outfit for three consecutive championships. This year it was his own outfit that took the world championship crown, and

\$1,250 in prizes as well as the beautiful Gas Co. trophy.

Two of his outriders, Bob Gooch of Queenstown and Orville Strandquist of Stettler, have been with him every year he has driven a winning outfit. The other two, Frank McMann of High River and Don Allen of Calgary, rode with him at Calgary for the first time this year, although they have ridden with him before in the Edmonton races. The outfit left for Cheyenne, Wyoming, this week to compete in the chuckwagon races there.

Kuykendall-Ross Wedding Rites

Southminster United Church, Lethbridge, was the scene of a quiet wedding, Tuesday, July 12, when Rev. Frank Chubb united in marriage Mrs. Grace Ross and Mr. Lawson, "Loss" Kuykendall, both of Vulcan.

Immediately following the ceremony a reception for members of the families was held at the Marquis Hotel.

Following a short wedding trip to Banff and other mountain points, Mr. and Mrs. Kuykendall have returned to make their home in Vulcan.

Good Deeds W.I. Regular Meeting

Miss V. Dennison was hostess to the July meeting of the Good Deeds W.I. Nine members and four visitors were present. It was a pleasure to have two former members of the Good Deeds present—Mrs. Wood Irvine and Mrs. Fyall, both of Nanton.

Roll call was a guessing contest won by Mrs. C. Dennison. Mrs. C. Dennison, delegate to the conference held in Vulcan gave a very interesting and complete report. It was decided that all the members would work on a scrapbook of Ceylon, the place of the next A. C. W. W. Conference Mrs. Ross Lyman offered to donate a woven straw cover for the book. This is to be completed by December.

A picnic is to be held July 29 for all the members and their families and friends.

Miss V. Dennison offered her home for an afternoon card party to be held later in August. A quilt top was donated by Mrs. Ross Lyman to be put together and raffled off later in the fall.

A large collection of used clothing was brought to the meeting to be turned over to Korean Relief.

A humorous reading entitled "Laugh Trip" was read by Mrs. C. Brown and was much appreciated. Mrs. MacMasters won the tea draw. The next meeting will be held at Mrs. G. Hutton's home. Mrs. C. Brown assisted the hostess with lunch.

ther chose a blue suit and white accessories. She wore a corsage of red roses.

The groom's mother wore a grey suit and grey accessories and her corsage was of red roses.

For going away the bride changed into a blue suit topped by a rose coat and her accessories were white. She wore a corsage of red roses.

The bride and groom will reside on the groom's farm east of Lomond after a honeymoon spent in Banff.

County Accepts Tender Lomond School Addition

Tenders were opened on Monday of last week by the School Committee of the County of Vulcan on the Lomond School addition. Lowest tender was that of the Lethbridge Construction Co. Ltd. for the sum of \$48,983.00. The other tenders on this job were as follows: Bird Construction Co., \$53,549.00; Chronik Construction Co., \$49,900.00; MacWilliam Construction Co., \$56,570.00; D. H. Oland Limited, \$51,930.00; Oland Construction Ltd., \$52,393.00; R. Osterberg, \$51,368.50; Southern Alberta Construction, \$52,700.00. The County Council, at its meeting held on Friday, July 15, passed a motion recommending to the Dept. of Education that a contract be entered into with the Lethbridge Construction Co. for the Lomond School Addition. It is anticipated that construction will start in the near future. A well is being drilled on the school site and it is hoped that an adequate supply of water will be obtained to supply the proper utilities for the school.

Other business of a routine nature, such as the passing of the accounts and making arrangements to obtain an extra supply of pupils' desks, was transacted.

The Council decided to hold the regular August meetings one week earlier than usual. This will mean that the School Committee will meet on Monday, August 8, Municipal Committee on Wednesday, August 10, and the County Council on Friday, August 12.

"A" Company Well Represented

Calgary Highlanders At Sarcie Militia Camp

Twenty-three members of "A" Company, the Calgary Highlanders, representing all four platoons of the infantry company which has its headquarters at Vulcan, attended the Militia Infantry Training Camp at Sarcie last week. At Sarcie Camp they were part of the biggest post-war concentration of Militia soldiers in Western Canada. The Militia Infantry camp counted more than 1,200 "citizen soldiers" on the week-long program of tough field training.

The Highlanders converged on the camp from points in and around Calgary, including Hanna, Vulcan, Stavely, Carmangay, Champion and Milo to join with the Militia Headquarters Group from Calgary.

Commanding officer of the Calgary unit is Lt.-Col. Mark Tennant. Other Southern Alberta units in camp included members of 22 Militia Group Headquarters of Calgary and the 9th Technical Regiment, Royal Canadian Electrical and Mechanical Engineers, Lethbridge.

Neighbors of the local Militia soldiers in the long lines of drab two-men bell tents were soldiers of The Loyal Edmonton Regiment; The Canadian Scottish Regiment (Princess Mary's), Vancouver Island; The Rocky Mountain Rangers, from the B.C. Interior; The Seaforth Highlanders, Vancouver; The Westminster Regiment, New Westminster, B.C.; together with Service Corps, Medical, Provost and Signal units.

The concentration was under the command of Brigadier John S. Adam, Victoria. Regular Army personnel performed a minimum role, leaving most aspects of the training to the Militia officers.

Highlight of the camp for the keen Militia-men, many of whom have given up their civilian holidays to attend the camp, was a realistic two-day training exercise, code-named "Trumpeter One." Following a brief brushing-up period, "Trumpeter One" saw attacking B.C. units pitted against the Al-

berta regiments in defence of the rolling countryside around Sarcie. The rapidly-hardening Militia-men spent the night in the open under active field conditions.

Wednesday afternoon the entire camp was off duty to attend the Calgary Stampede. On Saturday, July 16, the Highlanders left camp and returned to their homes.

Those attending camp from Vulcan were: 2/Lt. E. J. Arme, WO2 R. E. Jones, WO2 W. G. Sutherland, Sgt. D. L. Wilson L/Cpl. M. R. Burgess, L/Cpl. B. T. Rummel and Pte. T. F. White. From Champion were Sgt. R. C. Long, Ptes B. Gardner and Lawson; from Milo, S/Sgt. L. J. Smith, Ptes. Connellan, G. A. Lahd, R. A. McCord, B. C. Peterson, J. A. Will and F. R. Zaytsoff. Highlanders from Carmangay, who attended Part 2 of a qualifying course for Jr. NCO's were Sgt. Paul Plourd, L/Cpl. C. A. Fraser, Ptes. Jasper Root, Brian Lee and Dean Turner.

Final Standing In Provincial Election

Final results of the provincial election of June 29 show Premier Manning's Social Credit party back in power with a comfortable majority. It was Social Credit's sixth consecutive victory in Alberta.

The Liberal party gained ten seats and, with a total of 15 seats, will be the official opposition party. Three members of the last provincial cabinet lost their seats: Lucien Maynard, attorney-general; P. C. Gerhart, provincial secretary; and Ivan Casey, minister of lands and forests.

Congratulations Hank Willard

It takes a lot of skill and "know-how" to be a good chuckwagon race driver. Hank Willard of Queenstown is the world's best, and he proved it very conclusively last week by driving his own outfit to the world's chuckwagon championship at the Calgary Stampede to set up a new record of being the winning driver for five consecutive years.

In driving the Willard-Nelson outfit to victory in 1951, and Commodore Allen's Vulcan outfit to the championship the past three years of 1952, 1953 and 1954 he has given this area a lot of good publicity and his win this year, when he drove his own outfit for the first time, was a very popular one.

The Queenstown district and the whole County of Vulcan area can well be proud of the record set by Hank and will be rooting for him to make it six straight next year. In offering hearty congratulations to Hank and his crew we know we're speaking for everyone in the county.

A Major Improvement

We now have reason to hope that the days of getting stuck in the mud on almost any residential street in town are past. The street graveling program undertaken this year by the town looks, from the spectator's viewpoint, like a well-planned and well engineered job and, together with the big sidewalk construction program of last year, should give us some pretty decent streets.

We like, too, the way it was financed. It's nice to have a big cash surplus in the bank, but a principle of taxation is that taxes collected should be used to provide services for the taxpayers. This graveling project was paid for entirely out of surplus revenue accumulated over the years—money already paid by the taxpayer but from which he was receiving no tangible benefit.

It would have been nice to have every lane in town gravelled, too, but the available funds didn't stretch that far. However, the town is willing to gravel the lanes if the property owners concerned will pay the actual cost of the gravel. In most instances this would amount to a very few dollars per householder and would be well worthwhile.

Keystone Class

Miss Nettie Ware was hostess to the ladies of the Keystone Class of the Church of Christ for July. Thirteen members and four visitors attended.

Hymns were sung and the scripture reading taken from the Gospel of John was given by Mrs. Jack Deans, the president.

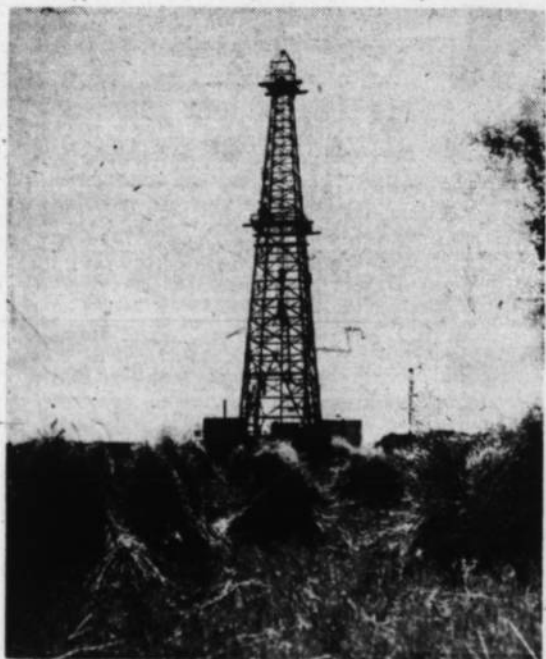

Mrs. M. Boose had the devotional for the afternoon, reading a very fine article entitled "Living by the Devil's Creed." Mrs. Robt. Deans of Montreal, and a visitor at the meeting Jack Dean's home, gave a very interesting talk on the St. Joseph's was given.

Oratory in Montreal.

A Bible study with questions and answers was conducted by Mrs. "Bud" Schneider. Much spiritual help is derived from these studies every month. Mrs. A. Wisner was asked to carry greetings from the Class to the Church at Yellow Grass, Saskatchewan, where she is planning to go for a visit for the next two months.

Miss N. Ware delighted the ladies with a reading entitled "The Last Hymn."

The hostess served a delicious meal, and a visitor at the meeting Jack Dean's home, gave a very interesting talk on the St. Joseph's was given.

Your Dentist Says
(By DR. L. G. ROBINSON)

Go into the kitchen of the wise mother and see the colorful display of the food she prepares for her family.

First and most important, of course, is the white of milk—the most perfect food. For milk is the cheapest and richest source of minerals and vitamins for all—especially for children. Growing children should have a quart a day, with half that amount for adults. With white as a background, the dark of cereals is a contrast. These too are good and inexpensive sources of minerals and vitamins—especially the mineral iron, and Vitamin B. Vitamin B is of particular value in building and maintaining the health of the gums, or soft tissues of the mouth.

Now, the bright color of fresh vegetables—the brilliant yellow of carrots; the deep green of the outside leaves of lettuce, cabbage, broccoli, brussels sprouts and spinach; A whole alphabet of vitamins comes from these vegetables, and we should have from two to four servings of them daily, and raw when possible, of course.

Golden oranges, the yellow of lemons and bananas, the reds and yellows of apples—these are popular foods, and rich in vitamins, too. Again, of course, we should eat them raw when possible, but if not, the wise mother tries to give each child almost a glassful of the juices each day.

Besides supplying the important vitamins, mother knows that raw fruits are what we call detergent foods, as well. That means they are foods that tend to leave the teeth clean, rather than covered with sticky and pasty deposits in the crevices and hidden spots around the teeth. So the wise mother always tries to serve a cleansing raw fruit after meals, instead of syrupy or pasty desserts.

Of course, no matter how the meal ends, Junior is never excused that important date with the tooth brush, as soon as possible after eating.

IN MEMORIAM

WIGSTON—In loving memory of our dear daughter and sister, Mary Arlene Wigston (Tom) who passed away suddenly two years ago, July 25, 1953.

"There are stars that go out in the darkness,
But whose silvery light shineth on,
There are roses whose perfume still lingers
When the blossoms are faded and gone.

There are lives full of light and of sweetness,
When no longer their life current flows;
Still that sweetness lives on with the living
Like the soul of the star and the rose.

"We keep in our memory a love of the past;
To us, its as bright as of old,
For deep in our hearts it was painted to last,
And in absence, it never grows old."

—Ever remembered by Mom, Dad, Orpha and Jack. 49-1

Report of Livestock Experimental Work

The Department of Extension at the University of Alberta, has recently published a report of livestock experiments conducted by the Department of Animal Science, at the University during 1954-55.

These experiments cover work with dairy and beef cattle, sheep and swine, and an amount of some of the principles involved in animal breeding.

An experiment was conducted to determine the practicability and result of raising dairy calves on a milk replacer. As a result of this work it was evident that rearing dairy calves on a milk replacer and calf starter ration did not prove as effective as the feeding of a skimmed milk and simple grain ration. Successful experiments conducted at other stations are being reported in which the milk replacer and calf starter contain fewer and more readily available ingredients than those used in this trial. Some feed manufacturers are now selling milk replacers and calf starters based upon the formulae used in the more successful experiments.

The experimental work dealing with swine production covered the following: creep feed rations for suckling pigs; ground versus whole grain fed free-choice to swine, antibiotic feed supplements in swine rations, dilution of finishing rations for swine and an account of the disease dermatitis in swine.

The sheep feeding experiments were conducted to compare self-feeding and hand-feeding to determine the effect of vaccinating enterotoxemia (overeating disease) and to compare alfalfa and brome hay rations when hand-fed and self-fed.

Several phases of beef production were covered in the experimental work. Hay and silage, with and without a preservative added were compared as roughages for yearling steers full fed grain. The results of this test were slightly in favor of silage; last year the hay proved to be slightly better. From the results of this work it would seem that as far as the choice be-

tween silage and hay is concerned there is little to choose between them. As far as finishing cattle is concerned, the best feed will depend largely on the quality of the hay or silage available.

The results of adding different preservatives to silage have been observed. Ground barley added to silage made from mixed grass-legume forage at the rate of 125 pounds per ton had slightly less spoilage, as compared to silage with no preservative added. From the work done to date there does not appear to be much difference in feeding value between the silage with a preservative added and silage without a preservative added.

Tests have been conducted to determine the value of sodium bisulfite as a preservative. During these tests sodium bisulfite has not reduced the spoilage or improved the quality.

Additional work was reported on dealing with feeder calves and forage crops, and rate of gain of calves after dehorning.

Anyone interested in obtaining a copy of this bulletin outlining the most recent experimental work at the University may have one by contacting this office.

Lethbridge, an Alberta city which was built on coal, now burns natural gas.

TAKE THAT, and THAT!

Before a new telescope-type stretcher, made of nylon and aluminum, was adopted by the Canadian Armed Forces, it got the works. They jumped on it, dropped rocks on it, tossed it out of aircraft and army lorries, froze it in ice, buried it in mud and sand. They finally gave up—and placed the order.

Its lightness and compactness makes this rugged stretcher a natural for everything from northern air-rescue work to the needs of hospital, police, Civil Defence and other authorities. ... Another job for Canada's aluminum and the men who work wonders with it.

They can simply be crushed or pressed. Many other frozen fruits need only a minimum of heating to extract the juice. Generally, pectin should be added to fruit juice that has not been heated to make sure that it jells.

Frozen jam is new and easy! Here are the three necessary steps for making jam with fresher fruit flavor and better color without boiling.

1. Puree ripe and a few slightly underripe berries through food mill or colander into bowl. Measure puree. Set aside.

2. Combine pectin and water in a 4 quart saucepan. Boil hard 1 minute stirring constantly. Remove from heat.

3. Add sugar, fruit to hot pectin. Stir 5 minutes to dissolve sugar. Pour into freezer boxes. Let jell (will probably take 24 hours) freeze.

To make 3½ pints of frozen red raspberry jam—you would need enough berries to make 3½ cups puree; 6½ cups sugar; 1 box powdered pectin; 1 cup cold water.

And then just follow the method given above. Some fruits may need more or less sugar than that recommended, for raspberry jam but the proportions are generally the same for all fruits.

To Use: Thaw jam 30 minutes, then turn out. Refrigerate unused part. Jam will keep 6 months in a freezer.

For further information on frozen jam and recipes for frozen red raspberry and frozen blackberry jams write to the office for our pamphlet "Frozen Jams."

Other free bulletins available for those of you who freeze baked products are "Frozen Food Fancies" and "Frozen Food Delicacies."

LOMOND

Mr. and Mrs. Thomas Teasdale, accompanied by Mr. and Mrs. Jack Teasdale were weekend guests in Medicine Hat, guests at the home of Mr. and Mrs. Ed Knodell and family.

Leonard Huff and sons Marvin and Doug attended the Calgary Stampede last week.

Miss Charlotte Chase spent last Friday at Berrywater, guest at the home of her sister, Mrs. Ralph Richardson.

Vacation Bible School will be held in the Lutheran Church of Lomond from July 25 to 29.

Mr. and Mrs. Joe Chollock and family of Lethbridge were visitors in Lomond on Sunday of last week.

Irvin Lindstedt and Arthur Berger were visitors in Calgary last week when they attended the Stampede.

The many little friends of Peter Elliott will be sorry to learn he is a patient in the Vulcan hospital and all wish him a speedy recovery. Peter got badly sunburned and infection set in.

Lomond and community was a shocked and saddened place when word was received of the death of Mrs. Alan Valle last Tuesday, July 12. Deepest sympathy is extended to Alan, also to the family from each and every person.

Mike Degenstein had the misfortune to have his leg broken last week by a horse and was a patient in the Vulcan hospital. His friends wish him a speedy recovery.

A large number from Lomond attended the ball games in Vulcan on Sunday, July 17.

Mr. and Mrs. Jack Teasdale and family of Mercole, Alta., are spending their holidays guests at the home of Mr. Teasdale's parents, Mr. and Mrs. Thomas Teasdale.

The many little friends of Charlie Stokes will indeed be sorry to learn that he broke a bone in his elbow when he had the misfortune to fall off a pony on Monday of

last week and was a patient in the Vulcan hospital.

Clarence Erickson spent last week in Calgary where he attended the Calgary Stampede.

Three Lomond boys, namely David Fisher, Ramon Cortez and Ronnie Fraser spent a week at camp at Waterton Lake.

The eight Explorer girls from Lomond who attended the C.G.I.T. camp at Waterton Lake for the most part reported having had a very good time and most of them hope to go again next year. The only disappointment seemed to be the fact that they couldn't go in swimming due to the rainy weather.

Mr. and Mrs. Ralph Richardson of Berrywater were Lomond visitors on Tuesday evening of last week.

Miss Charlotte Chase attended the Calgary Stampede on Wednesday of last week.

Friends will be sorry to learn that Harry Hammer is a patient in the Vulcan hospital.

Congratulations and best wishes for a long and happy wedded life are extended to Mr. and Mrs. Henry Lindstedt who were married in the Church of Christ, at Vulcan, on Thursday, July 7. Also a hearty welcome is extended to Mrs. Lindstedt, formerly Earle Anderson of Milo, from all the folks in Lomond and district.

Mrs. George Kay and daughter Kay were overnight visitors in Lethbridge last week.

Mr. and Mrs. J. W. Chambers and Billy were visitors in Calgary from Sunday until Tuesday, guests at the home of their daughter and son-in-law, Mr. and Mrs. Bob Cyr. They also attended the Calgary Stampede.

Mrs. E. Einarson of Manitoba is visiting at the home of her sister and brother-in-law, Mr. and Mrs. Albert Johnson.

Among other visitors spending the week at the Calgary Stampede were Ed Root and Elmer Jensen.

ENSIGN

Supper guests at Jim McNiven's home on Sunday were Mr. and Mrs. Bob McKenzie and children, Mr. and Mrs. Norman Blair, all of Calgary and Mr. and Mrs. Norman Russell and family of Blackie.

The Sunday School class held at 3 p.m. Sunday and the Gospel meeting in the Ensign Community hall Sunday evening was much enjoyed by all present.

Mr. and Mrs. Jake Heide and family accompanied by Jake's father, Mr. Cornelius Heide of Wainman, Sask., and Jake's sister and family, Mr. and Mrs. Peter Falk, Rhoda and Sharon of Dalmeny of Saskatchewan were Banff visitors for a few days last week.

Friends of Miss Jessie Welsh will be sorry to hear she has been a patient in the local hospital.

George Churchill, Mrs. O. Paton, David and Billy were Stampede visitors on Saturday.

Miss Penny Howlett and Miss Laurena Locke of Winnipeg, accompanied Mr. and Mrs. Harold Bride and girls motored to Pekisko Creek, where they camped for a few days last week.

Tommy McFadden of High River was a patient in the Vulcan hospital last week.

Mr. and Mrs. David Fisher of Edson are spending a few days visiting in the district.

The Ensign community picnic will be held on Tuesday, August 2, at the High River park. All in the district are welcome.

Donnie McFadden who was employed with the Massey-Harris in Vulcan has now accepted a position with a firm in Brooks.

Brant-Ensign Girl Guides

The Brant-Ensign Girl Guides are at present camping with the High River Guides at the new camp site, west of High River, Sunday being visitors day. Mr. and Mrs. T. Howlett and family, Mr. and Mrs. Bert Larsen and Fay, N. Larsen, Mr. and Mrs. B. Ewton, Mr. and Mrs. Blaine Parker and family, Mr. and Mrs. Bob McFadden and Daphne, and Mr. and Mrs. Eric Thorp spent the afternoon at the camp and remaining for evening camp fire which was enjoyed by all.

Mr. and Mrs. Raymond Parker of Seattle, Wash., are at present visiting at the home of his parents, Mr. and Mrs. H. S. Parker.

Gordon Kennedy is spending some of his summer holidays at his uncle's farm near Blackie.

MAJORVILLE

Jack Shield, Clarence Umschied, Will Francis and Miles Clemmons spent a few days fishing in the Highwood. They only fished—catching wasn't very good. The story this year has been the same from all who have gone to the foothills, there are more fishermen than fish.

Mr. and Mrs. Miles Clemmons were overnight guests at the home of their son-in-law and daughter in Calgary for the final evening of the Stampede.

Among those we heard about going to the city for the Stampede were Mr. and Mrs. Gilbert Voogs, Mr. and Mrs. Jim Dew, Mr. and Mrs. Bill Beckner and family, Mrs. Sutherland, Jack Sutherland, Mr. and Mrs. Bartsch and Jay, and Colin Campbell.

Mrs. George Heather and Joanne went to Cluny to visit Mrs. Don Gordon and to get acquainted with the new grandson and nephew.

Dinner guests on Tuesday at the home of Mr. and Mrs. Bert Clemmons were Dianne Christopherson of Santa Barbara, California, Mrs. Nat Christy and Betty Wilks of Calgary, Shirley Shultz of Stettler, and Joyce Ogden of Blackie. The three latter and Dianne had driven from Santa Barbara for a vacation and had reached their respective homes without incident then when coming to visit in our neighborhood got into difficulty in the heavy futs left by recent showers and almost tipped over into the ditch. Mrs. G. Heather brought some of the girls to Bert's for help, but in the meantime along came a modern Don Quixote in the person of Arnold Winch, who got the car straightened out. So they all arrived safely in one piece.

RID YOUR CATTLE OF FLIES LICE

The WIK Applicator

Is not a cattle oiler. It requires only one quart of insecticide per week to keep up to 75 head of cattle insect free. Official tests have been made in support of this statement.

Cattle with access to the WIK APPLICATOR keep themselves insect free as naturally as they chew their cud thereby eliminating the shrinkage suffered by the spraying method. INSECT FREE CATTLE GAIN MORE. Users of the WIK APPLICATOR claim that cattle gain up to 50 pounds more per season.

PAYS FOR ITSELF TEN TIMES EACH YEAR:

The Wik is made of a coil spring wrapped with alternate layers of cotton felt and burlap and covered with heavy canvas. This assembly is placed in the patented applicator with a reservoir at the lower end which utilizes every drop of insecticide and causes the insecticide to feed upward into the wick as oil does in an oil lamp.

NEWEST AND LOWEST-COST INSECTICIDE APPLICATION METHOD.
